About us

We, Huashun, founded in 2002, founded in Jieyang, China, covers an area of 1000 square meters.

Our company integrates in development, production and sale together. Mainly product are flatware set, daily plastic product and kitchen tools

Since 2002, we have designed over 200 products and successfully sold them to many area such as South America, Europe, Southeast Asia and north Africa.

Be strict with the products and be responsible to customer are never change. so we received recognition and sustained from clients. And we build deep and reliable relationship with them.

We are not interested in one-shot deal. All we consider using classic quality to make a classic company
